

TABLE OF CONTENTS

Preface	4
Medical Device Trial Process	9
1.0. Overview of device trial process.....	10
2.0. Planning the trial	11
3.0. Preparing the trial.....	12
4.0. Conducting the trial.....	13
5.0. Completing and closing the trial	13
Medical Device Good Clinical Practice Guideline	15
1.0. Introduction	16
2.0. Scope	16
3.0. Glossary	17
4.0. General ethical and safety requirements.....	17
4.1. Ethical requirements	17
4.2. Trial Compliance.....	17
4.3. Investigational device safety and compliance.....	19
5.0. Objectives of device trial.....	20
6.0. Justification for the device trial.....	20
7.0. Ethics committees	22
7.1. Composition, Functions and Operations.....	22
7.2. Responsibilities.....	23
7.3. Documents to be submitted to the ethics committee.....	23
7.4. Procedures.....	24
7.5. Records	25
8.0. Sponsor	25
8.1. Responsibilities.....	25
8.2. Use of Contract Research Organisation	26
9.0. Monitor	27
10.0. Investigator.....	28

10.1. Qualifications	28
10.2. Responsibilities.....	29
10.3. Adequate Resources	30
10.4. Medical Care of Trial Subjects.....	30
10.5. Progress Reports.....	30
10.6. Final Report.....	31
11.0. Essential (Clinical) Documents	31
11.1. General.....	31
11.2. Clinical investigation plan or protocol.....	32
11.3. Investigator's Brochure.....	37
11.4. Case report form.....	39
11.5. Informed consent / Patient information	40
11.6. Contracts.....	41
11.7. Clinical Trial Report	42
11.8. Records and Reports.....	44
11.9. Other documents.....	45
12.0. Insurance and Compensation.....	45
13.0. Informed consent process.....	46
13.1. General.....	46
13.2. Process	47
14.0. Investigator and Trial Site Selection	48
15.0. Protocol amendments, deviations and non-compliance.....	49
15.1. Compliance	49
15.2. Deviations	49
15.3. Protocol amendments.....	49
15.4. Non-compliance.....	50
16.0. Monitoring	50
16.1. Purpose	50
16.2. Selection and Qualifications of Monitors	50
16.3. Extent and Nature of Monitoring.....	50
16.4. Monitoring Procedures.....	51
16.5. Monitoring Report	51
17.0. Audit	51
17.1. Purpose	51

17.2. Selection and Qualification of Auditors	51
17.3. Auditing Procedures.....	52
18.0. Data management	52
18.1. Trial Management	52
18.2. Data management	52
19.0. Record keeping and retention.....	53
20.0. Adverse event reporting and handling	53
20.1. General.....	53
20.2. Safety evaluation	54
21.0. Notification and approval	54
21.1. Submission to ethics committee	54
21.2. Submission to national competent authority.....	55
22.0. Accountability.....	56
22.1. Device.....	56
22.2. Subjects	56
23.0. Premature Termination or Suspension of a Trial	56
Appendix 1: General Definitions	58
Appendix 2: Essential requirements.....	73
1.0. Essential requirements as applicable to medical devices	74
2.0. How compliance is demonstrated with the essential requirements....	81
Appendix 3: Classification Rules	83
1.0. Types of product classes.....	84
2.0. Excerpts from medical device directive concerning classification rules.....	84
Appendix 4: Clinical evidence.....	88
1.0. Summary of key regulatory point	89
2.0. Key excerpted articles.....	89

2.1. Article 15: Clinical investigation	89
2.2. Annex VIII: statement for devices with special purposes.....	90
2.3. Annex X: Clinical Evaluation Requirements	91
Appendix 5: Adverse event reporting	94
1.0. Introduction	95
2.0. Minimum data set	95
3.0. Time-frames.....	96
4.0. Who reports what to whom when	96
5.0. Process for trial adverse events.....	97
Appendix 6: Post-market clinical follow-up.....	102
1.0. Introduction	103
2.0. Post-market surveillance mechanisms	103
3.0. Applicability of post-market clinical follow-up.....	103
4.0. Identifying emerging risks	104
5.0. Planning / project plan.....	105
6.0. Post-market trial.....	105
7.0. Reporting post-market data.....	106
Appendix 7: Declaration of Helsinki.....	107
Appendix 8: Declaration of the rights of the patient.....	112
Appendix 9: Regulatory References.....	116

TABLE OF TABLES AND FIGURES

Table 1	Clinical evaluation report format	21
Table 2	Protocol format	32
Table 3	Investigator's brochure format	38
Table 4	Clinical study report format.....	43
Table 5	Essential requirements for medical devices	74
Table 6	Device classification categories.....	84
Table 7	Classification for Non-invasive Devices.....	85
Table 8	Classification for Invasive Devices	85
Table 9	Classification Active (electromedical) Devices	86
Table 10	Special classification rules.....	87
Table 11	Minimum dataset	95
Table 12	Reporting times for adverse events.....	96
Table 13	Who reports what to whom in a trial	97
Table 14	Post-market surveillance mechanisms per device category	104
Figure 1	Adverse event reporting process for trial devices.....	98
